## Band Tour Successful

One year ago this month the students in the Antioch High School Concert Band decided to plan a tour of the eastern part of the United States. Before this tour could be, it had to be approved by the teachers and the board of education. In order to do this, the students and their director had to come up with reasons and a purpose for the tour. In brief the reasons and purposes for the tour that was approved by both teachers and the board of education.

The tour had to be a truly educational experience, and musical experience that could not be gained in any other way. There were many other items of value they would gain by going but it

was hoped that the above items would be realized during the seven day trip.

Now the tour is over and all the hard work to raise funds is over and as we look back did the students gain everything from this experience that they should have?

At this time we can say beyond a single doubt that the tour was a success. Musically it was an experience beyond anything they could have gotten by staying home. Playing four concerts in three days in different places in front of large and different audiences under good or bad conditions and doing a fine job in each case is truly a great musical experience. ## Antioch Rotarians To Confab

The annual conference of the 73 Rotary clubs grouped together in the Rotary district for this area is to be held in Arlington Heights on Tuesday, April 7, and Wednesday, April 8, it was announced today by Owen Duffy, president of the local Rotary club.

"At the meeting," he said, "we will discuss matters relating to this Rotary district, in addition to hearing informative addresses and making plans for increasing our service activities."

A delegation of 15 members of the Rotary club of this city is

## Dave Davis Resigning County Job

The director of information for Lake County, Dave Davis, announced that he will resign effective April 15, 1970. He is the first to hold the title since the office was created by the County Board fifteen months ago.

In his letter to the chairman and members of the county board's finance committee, dated Feb. 25, Davis said he accepted the position on October, 1968 as a new challenge, as a potential means of reaching people with facts as to why they should take a more active role in our political system. He said the results of information programs initiated through the office have been less than he had hoped to attain.

He told newsmen, "As far as the operation of the office, members of the County Board of Supervisors gave me free reign. Contrary to what was perhaps widely believed, no one dictated policy, no one told me what I should, or should not, say, write or print. My goal, to motivate voters toward deeper involvement in governmental affairs at all levels, remains the same. It is just that I believe I can be more effective outside government."

Davis stated he agreed to remain in the post through the middle of April in order to carry out details in connection with the upcoming dedication of the new Lake County Courthouse Complex scheduled on the 11th.

As for the future, Davis says he is considering several job offers but hasn't made a decision as yet.

## Church Clinic Is Set

Officers of churches in Lake County Baptist Association will participate in a two-night training clinic at the Southview Baptist Church, Waukegan on April 6-7. Rev. Keith Dunn, Supt. of Missions for Lake County Association, will coordinate the program.

Rev. Lyndon Burleson of North Chicago, will speak on "Looking at the 70's."

Six persons lead conferences on phases of church life in the coming decade: Rev. Ben R. Stripling, Zion, will instruct pastors and general officers in church administration; Rev. Howard R. McKendree, Zion, will lead Brotherhood officers; Dennis R. Whitaker, Waukegan, Sunday school officers; Rev. Ray Hoyer, Waukegan, church training leaders; Mrs. Marvin Hayes, Gurnee, officers of Woman's Missionary Union; Mrs. Noreen Turman, Zion, church librarians and literature specialists.

John Perkins, Sunday School director of the Illinois Baptist State Association, serves as a consultant for the clinic.

Some 30 other conferences are scheduled throughout Illinois to instruct officers of over 900 Baptist churches in revised organizational procedures that go into effect October 1. Conference leaders attended instruction meetings in Springfield, Feb. 23 and 24.

## County Road Program Hit By Ruling

Lake County Highway Superintendent Kenneth E. Welton says the high court ruling this week which declared the agency set up to administer the \$2-billion Illinois highway program unconstitutional will curtail the county's planned multi-billion dollar improvement project.

In late 1969 the County Board approved the proposed five-year program, which carried the price tag of \$266-million. Of that amount the State was committed to provide approximately \$231-million and the county the remainder. County officials are seeking enabling legislation to allow sale of bonds underwritten with credit based upon a portion of motor fuel tax allotments.

Welton said today he hopes to be able to go ahead with county

## Two Seek College Posts

Two members will be elected for seats on the Board of Trustees of the College of Lake County at the annual election on Saturday, April 11, 1970. Incumbent Trustees, F. James Lumber of Round Lake and Dr. Lawrence F. Day of Libertyville, are seeking reelection for their first full three-year terms. The two incumbent trustees were the only persons who filed as candidates for seats on the Board.

Dr. S. Robert Hoekstra, Administrative Assistant to the President at CLC, reminded voters in the Junior College District No. 532 that polling places will be the same as those used for voting in high school board of education elections the same day. Polls will be open between noon and 7:00 p.m.

Dr. Hoekstra also reminded voters that requirements for voting are the same as in other school elections. Persons must be registered voters who have lived in the state one year, in the county 45 days, and in their district for 30 days.

"Voters will be going to the polls the same day to vote for local high school board members, and we urge them to be sure to vote in the Junior College election at the same time. We have made every effort to simplify the election by using the same polling places, and we hope the voters will take advantage of the opportunity to help select members of the Junior College Board," Dr. Hoekstra said.

Precincts and their location in this area are:

- No. 1 — Antioch Community High School, Antioch
- No. 2 — Lake Villa Grade School, Lake Villa
- No. 3 — B. J. Hooper School, Lindenhurst

## Felt Is Surprise Winner

George Howard Felt, 46, of 335 West Prospect, Lake Bluff, was a surprise write-in winner of the Democratic nomination for the office of Superintendent of Educational Services Region (County Superintendent of Schools) in last Tuesday's primary election.

Felt's total write-in vote was substantially in excess of that received by some ten write-in candidates and showed remarkable strength throughout the entire county.

Felt is serving his second year as superintendent of District 106, which operates the Bannockburn Elementary (K-8) School. Prior to his employment by the Bannockburn district, he served for 6 years as superintendent in the Round Lake Elementary School District. He became assistant superintendent of District 116, when the high school and elementary schools were consolidated into the Round Lake Community Unit District.

Felt was a strong supporter of the consolidation and campaigned actively for it notwithstanding his knowledge that effectuation of the consolidation would, in effect, eliminate his job.

Prior to coming to Illinois, Felt served as principal of the Muskegon, Michigan school district. He holds a bachelor's degree in education and a master's degree in

## Smith To Deliver Main Talk

The chairman of the Lake County Board of Supervisors, Robert W. Depke, today announced that Senator Ralph Tyler Smith (R-Ill) will deliver the main address during the dedication ceremonies for the new Courthouse Complex, starting at 2 p.m. Saturday, April 11.

Smith, long time Speaker of the Illinois House of Representatives, was appointed last year to fill the seat vacated at the death of Senator Everett M. Dirksen.

The dedication and public open house is being sponsored by the Board of Supervisors and marks the grand opening of the new courts section and the first time the jail is being opened for inspection. Hours are from 2:30 to 5:00 p.m. April 11, and 10:00 a.m. to 5:00 p.m. April 12. Personnel from the various departments located in the complex will be on hand to explain operations of their respective offices and direct visitors through the three buildings.

Main attractions at the open house will be the courts and jail buildings and the much discussed Tolpo chandelier which hangs in the rotunda of the courts section lobby. The ten-story administrative tower was open for public inspection over a weekend in March, 1968 but it, too, will be manned April 11-12.

## Democrat Lauds Rentschler

James J. Cone, Democratic candidate for U.S. Representative, 12th District, characterized William Rentschler's Republican primary margin over Senator Ralph Smith in Lake County as, "a clear indication that our voters support the involvement of an independent candidate who attempts to overcome the present system of machine control of politics in Illinois."

## Emmons To Elect Seven Man Board

Voters of the Emmons School District No. 33 will go to the polls Saturday, April 11, to elect a seven man board. With the increase in population and other factors an increase in the number of school board members was necessary.

Those running for a place on the new school board are Alan L. Thain, Richard C. Ruck, Jr., Dan Maras, Harold P. Wilson, Rutha A. Duha, James R. Hazelton, Delores Bowers, Richard Dubek, Jack E. Bodin.

The polls will be open from noon to 7 p.m. and the polling place is Emmons School building.

## Dedicate New Church On Sunday

A special service of dedication will be held at 3 p.m. Sunday in the Antioch Evangelical Free Church, Tiffany Road at Highway Drive.

Participating in the celebration will be Mayor Ray Toft, Rev. Herb Cottrell, and Rev. Carroll Lindman, former pastors, Rev. R. Dean Smith, superintendent of the Great Lakes District, and Pastor Bernard Fosmark. Also participating will be the Rev. C. J. Fosmark, retired Canadian EFCA district superintendent.

The dedicatory address will be given by the Rev. Harry L. Evans, president, Trinity College.

## Spring Dance Scheduled For April 11

The student council at Antioch High School is sponsoring a Spring Dance to be held April 11 from 8 p.m. until 11 p.m.

The dance will feature The Maids, one of the more popular teen-age groups in the area.

The price of admission to the dance will be \$2 and the dance will be restricted to Antioch High School students.

## Boyfriend On Tap At School

The Fine Arts Department of Antioch Community High School presents the rollicking musical comedy spoof "The Boy Friend" by Sandy Wilson, this Friday and Saturday evenings, April 3 and 4, in the high school auditorium. Curtain time is 8 p.m.

The Boy Friend is a parody on the British musical comedies of the '20's and enjoyed a smash run on Broadway when it introduced the musical comedy star Julie Andrews to the American theatre goer.

Stars of the high school production are Mary Wiczorek (Polly), Bryan Sorensen (Tony), Debbie Chandler (Mme. Dubonnet), Bill Flanagan (Percival Browne), Tom Craner and Betty Waters (Lord and Lady Brockhurst), Tom Williams (Bobby), Teri Lisk (Maudie), Elda Minger (Dulcie), and Ruth Brooke (Hortense).

Supporting players are Sarah Halverson, Tracey Hudson, Shari Prange, Jean Oelerich, Steve Patwell, Don Larson, Jerry Smouse, Frank Rojek, Chuck Kelly, and Mike Ament.

The production is under the direction of Ken Smouse, assisted by student directors Avis Minger and Janet Polsgrove. Mr. Charles Banks has been in charge of the pit combo, The Bearcats.

In two more weeks, the Antioch Mental Health Auxiliary's Cotillion '70 will be almost a memory. But between now and then, the work that memories are made of will have to be done.

There is the all-important chore of selecting the just-right dress to wear this year. Or, will it be a fashionable pantsdress this time? Attending an Antioch Mental Health Auxiliary Cotillion is an experience if only to see the clothes that are being worn. Some regular Cotillion-goers never fail to surprise the crowd with their innovative style of dress. It will probably be another year of "anything goes" or put more popularly, "do your own thing!"

Tickets for the April 18 gala will have to be sold. The donation of \$10 will include hors d'oeuvres, entertainment by a noted duo, Connie and Jerry "K" during the cocktail party; a full-course dinner with wine; and dancing to the ten-piece Freddy Fischer orchestra.

On April 18, Auxiliary members will be found decorating at the Antioch Country Club where they will create a lovely spring-time motif in the large dining room.

Most important, the Antioch Mental Health Auxiliary hopes to work toward another financial success this year. The Auxiliary has donated over \$20,000 to the

Fischer

Lake County Mental Health Society. This money, in turn, is used in the Antioch area to treat and counsel people with mental health and related problems. Antioch is the only community in Lake County with its own mental health clinic.

Tickets are available from the Antioch State Bank, the First National Bank of Antioch, the Thrift Shop, or from Carolyn Jester, 395-4104. Cocktails are at 6:00 p.m. and dinner is at 8:30 p.m.

## Burglary Reported

Ernest Opatz, of RFD 1, Box 278, Antioch, reported to the Sheriff's office that someone broke into his home during the weekend.

Opatz said that a television set and a pair of binoculars were taken in the burglary.

Three of the Antioch high school students who will be featured in the production of The Boy Friend this weekend include Ruth Brooke, left, as Hortense, and Mary Wiczorek and Bryan Sorensen as Polly and Tony.

## Stay Alert

With the winter season coming to an end, we once again take up the banner for traffic safety.

Soon our youngsters will be out in the traffic as the warmer weather begins to move in.

Bicycles will once again be the order of the day as the young fry get out from under parents' feet after being cooped up in the house all winter.

We urge every motorist to take care when driving these days when our small fry get out.

Every year we sort of forget about exercising the most care while piloting our vehicles around until tragedy strikes someone dear or near to us.

The days are beginning to get longer and that means more traffic will be on the roads in the area. Each year our county highway death rate soars and we seem to be at a loss to do anything about it.

We can cut traffic fatalities and traffic injuries by becoming more careful in our driving habits.

Give our kids a break this year.  
Take it easy on the roads.  
And be more alert than ever.

## Needed Crusade

The annual crusade to collect funds to fight cancer opens this month with a goal of \$95,000 for Lake County.

This is a very necessary campaign and the goal for the county is modest indeed, considering that we have the sixth richest county in the nation and our population is near the 450,000 mark.

The residential drive doesn't officially begin until April 5 but already some workers have been out.

Of primary interest to county residents is the literature that is being passed around including specific information on cancer safeguards.

We would recommend this literature as required reading for everyone.

The chairman for this area is Mrs. William Brook and she can use all the help that she can get.

If anyone wants to volunteer to do work for the crusade this year, he or she should get in touch with Mrs. Brook.

Working to help stamp out this dread disease will be very rewarding, we are sure.

We urge everyone to support the campaign this year and contribute as much as you can.

perience, one that could not be had in any other way.

Visiting and hearing about the battlefield area at Gettysburg, seeing Mount Vernon, Arlington National Cemetery, Capitol Hill, Statue of Liberty, United Nations, Empire State Building, Independence Hall and many other places and things is educational experience beyond compare. Seeing many different kinds of people both good and bad in Washington, and New York, having to be with them and around them is an outstanding experience for anyone. We could go on and on as to the value and success of the tour, but in the end we would have to say that the Tour by the Antioch H. S. Concert Band was truly a success and was everything we had hoped it would be.

school administration. He has done extensive work in the field of special education.

Felt has 30 days from the date of the official canvass in which to file the statutory affidavit of candidacy. It is known that Felt has been urged to become an active candidate by many Lake County educators as well as by his own board of education. Mrs. Jeanne Wildin, a member of the Bannockburn Board of Education, said, "We would hate to lose George Felt here in Bannockburn, but we recognize he is too big a man for our district, and we are convinced that he would do an outstanding job as county superintendent."

highway projects slated this year, and if the legislature approves the county-sponsored bill on bond sales to participate with the state in certain other joint projects.

He said work on the extension of Washington Street from Rt. 41 west to Rt. 63 in Gurnee will progress, as this is wholly a county financed program. Welton mentioned Sheridan Road from Greenwood Ave. in Waukegan to the Illinois State Line; Rt. 83 from Lake Villa to Antioch; Grand Ave. from Wedges Corner to Lake Villa; Rt. 12 from Fox Lake to State Park Road, as joint county-state projects which he will attempt to get underway this year.

"If no state funds are available," Welton said, "it means we will work only on the lakefront highway in Waukegan and a section of Rt. 120 near the new Lakehurst Shopping Center at the intersection of Waukegan Road."

The Lake County program, worked out in conjunction with the Illinois Division of Highways, was designed to handle the increasing traffic load through the mid 1970's. It involves supplemental freeways, service routes, and collector routes covering a total of 353 miles.

## LOSE 10 LBS. IN 10 DAYS ON GRAPEFRUIT DIET

**HOLLYWOOD, CALIF. (Special)** — This is the revolutionary grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. and Canada.

Word of its success has spread like wildfire. Because this is the diet that really works. We have testimonials in our files reporting on the success of this diet. If you follow it exactly, you should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1 1/2 pounds every two days until you get down to your proper weight. Best of all there will be no hunger pangs. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly "forbidden," such as big steaks trimmed with fat, roasts or fried chicken, rich gravies, mayonnaise, lobster swimming in butter, bacon, fats, sausages and scrambled eggs. You can eat until you are full until you cannot possibly eat any more. And still lose 10 pounds in the first ten days plus 1 1/2 pounds every two days thereafter until your weight is down to normal. The secret behind this new "quick weight loss" diet is simple. Fat does not form fat. And the grapefruit juice in this new diet acts as a catalyst (the "trigger"), to start the fat burning process. You stuff yourself on the permitted food listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight, and your weight will remain constant. A copy of this new and startling successful diet plan can be obtained by sending \$2 to GRAPEFRUIT DIET PUBLISHERS, 1213 Premier Way, Calgary 6, Alberta. Money-back guarantee. If after trying the diet plan you have not lost 7 pounds in the first seven days, and 1 1/2 every two days thereafter simply return the diet plan and your \$2 will be refunded promptly and without argument. Tear out this message as a reminder. Decide now to regain the trim, attractive figure of your youth, while enjoying hearty breakfasts, lunches and dinner.

### Boys' Farm Dates Set

Illinois boys between 15 and 17 can get a first hand look at problems in timber production and soil and water conservation this summer at the 19th annual Illinois Boys' Farm Forestry Camp, August 2-8.

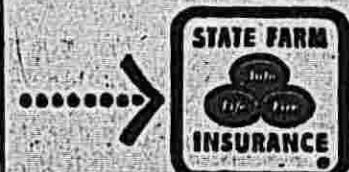

The camp is located on West Frankfort Lake in Franklin County, in the heart of the southern Illinois forest region, says Roy T. Nicholas, Lake County Extension Adviser.

The week-long camp will give campers an opportunity to learn more about the practical application of forestry to farming operations. The experience provides background for managing farm woodlands for lumber, Christmas tree plantations, and wildlife protection areas, Nicholas says.

Since the camp started in 1952, 969 boys representing 4-H, FFA, Boy Scouts, and church organizations have taken part in camp activities.

Application forms for the 1970 camp are available now at the Lake County Extension Office, Lake County Fairgrounds, Grayslake.

## Amstutz Fund Founded

Through the efforts of Mrs. Melvin E. Amstutz and the Lake County Chapter of the Illinois Society of Professional Engineers an engineering scholarship fund has been established in honor of the recently deceased Melvin E. Amstutz.

At a recent meeting of the Board of Directors of the State Society, the "M. E. Amstutz ISPE (Lake Chapter) Scholarship Fund" was formed. The scholarship fund will be open to young potential engineers in the state of Illinois, encouraging them in the preparation for practicing professional engineering.

Melvin E. Amstutz was the Lake County Superintendent of Highways for a period of 20 years prior to his sudden death on January 5, 1970. He began his engineering career with the Lake County Highway Department in 1925. He has served on numerous professional councils and commissions including the advisory board to the Illinois Toll Road Commission, Illinois Highway Study Commission, Illinois Association of County Superintendents of Highways, Illinois Road and Bridge Laws Commission, National Council of Engineering Examiners, Illinois Society of Professional Engineers, and National Society of Professional Engineers. In addition he was very active in civic and religious activities in Lake County.

Amstutz was the recipient of many awards for his dedicated professional public service including the Illinois Engineer of the Year award in 1962; in 1967 received the highest award of the Illinois Society of Professional Engineers, the honorary membership award, and in 1965 the Jack E. Sams Memorial Award "for meritorious public service" by the Lake County Civic League.

He has been listed in "Who's Who in Engineering" since 1940 and "Who's Who in the Midwest" since 1952.

The Lake County Board of Supervisors and the city councils of Waukegan and North Chicago have designated a new highway which parallels the Lake Michigan shore line extending from an extension of Illinois Route 173 to the Great Lakes Naval Training Center area as the Melvin E. Amstutz Expressway. This action was taken to recognize the leadership and dedicated effort provided by Mr. Amstutz as County Superintendent of Highways bringing this very important highway facility through to reality.

Contributions to the scholarship fund are to be made to the "M. E. Amstutz Memorial Fund" and sent to Melvin E. Luke, Lake County Highway Department, P.O. Box 351, Libertyville, Illinois 60048.

### CLC Library Receives 1,000 Books

The library of the College of Lake County has been the recipient of over 1,000 scholarly books from the collection of the late Rabbi Solomon Goldman. Through the generosity of his widow, Mrs. Goldman, and his children, the College has acquired some very meaningful and monumental books in a spectrum of educational areas.

Rabbi Goldman was a learned man, being conversant in 12 languages. Among his accomplishments, he was the author of a number of books and editor of five volumes of prose and poetry in modern Hebrew. From 1929 until his death, he had been Rabbi of Anshe Emet Synagogue in Chicago, one of the largest Hebrew Congregations in America.

His last residence was in Vernon Township near Lincolnshire, located in south central Lake County.

A.F.S. adult vice president Doris Surrock accompanied Jeed to Oakland School and, after the program, she brought him home for a St. Patrick's Day meal of corned beef and cabbage. Jeed enjoys eating most American dishes, and his favorites are pizza with mushrooms and hamburgers.

Auctioned items will range from movie passes to color television, cars, beds, appliances, bicycles, restaurant meals and a thousand more items, said Dan Friedlander, a member of the board of trustees of the school.

There will be many surprises at the auction including a special area where useful novelty items will be sold. There may be a game area for children and a dining area for the family.

The entire auction is designed to be a day of fun for the entire family and to offer many bargains not available elsewhere. The event will start at noon and last until every item is sold.

Senator by nearly 2 to 1, received 51.79 per cent of the vote in Lake County. Rentschler had opposed Smith on the premise that the incumbent Senator would not be able to outscore Democratic Senatorial candidate Adlai E. Stevenson III in the November general election. Rentschler often charged that Smith was a "puppet" of Ogilvie.

Cone said, "Bill Rentschler's courageous stand against Governor Ogilvie's 'bossism' tactics, despite objections by the Nixon administration, represents a dedication to an open system of government in which the people have the opportunity to choose between candidates on the basis of issues."

He stated further, "the independent spirit displayed by voters in Lake County in supporting Mr. Rentschler's cause is dramatic evidence of the growing rejection of political domination by party hacks and patronage workers."

Cone stated, "My candidacy for U.S. Representative is based on a similar principle, that one-party control of this District has contributed to the election of some unconcerned officials who use politics as a soft cushion in life."

"Rather," he said, "we must encourage the involvement of men who can inspire the best sentiments latent in the American people, who can give voice and dynamic activism to their ideals."

Cone pointed to another "encouraging sign of voter independence" in the upset of Robert Depke, Chairman of the Lake County Board of Supervisors, by Robert Skidmore in the race for Lake County Treasurer. He said, "Mr. Skidmore's sizeable victory again demonstrates voter rejection of machine domination in favor of an intelligent examination of the issues."

Cone concluded with a comment on Governor Ogilvie's statement that Mr. Rentschler's help was "not needed" in Senator Smith's campaign. He said, "If Bill Rentschler's party chooses to shut out a man of his great dedication to free choice and independence we will welcome his support in my Congressional race."

## Students Hear Of Thailand

The 7th grade social studies classes at Oakland School in Antioch have been studying about Thailand. They had the pleasant experience of hearing about that fascinating country first hand on March 17. All eyes and ears were alert when Antioch's American Field Service foreign exchange student, Pratchya Rukchartchareon from Thailand, paid them a visit.

Pratchya printed his name on the blackboard and wrote the name of his homeland in the Thai language. His nickname is Jeed, which means "speed." Jeed showed beautiful slides of his country, several of which the students recognized from their social studies book. He also brought along a miniature house that he built for his American mother, Mrs. Marvin Toepfer, which is typical of many of the houses seen in his home town of Pitsphaloke Province. The boys and girls asked Jeed many questions and everyone seemed to enjoy the engaging young Thai. The only regret was that the time went too fast.

A.F.S. adult vice president Doris Surrock accompanied Jeed to Oakland School and, after the program, she brought him home for a St. Patrick's Day meal of corned beef and cabbage. Jeed enjoys eating most American dishes, and his favorites are pizza with mushrooms and hamburgers.

## Minority Purchases Increase

Participation by minorities in the purchase of property owned by the Veterans Administration increased during the past year. Administrator of Veterans Affairs Donald E. Johnson reported today.

Johnson said minorities accounted for 35 per cent of the sales throughout the nation in December of last year, compared with 26 per cent in December 1968.

Johnson further reported that during 1969, sales of VA-owned properties totaled a little more than 17,000, with just under 6,000 or nearly 33 per cent, of these purchases made by minorities.

The VA chief also revealed the extent of participation of Negroes in the sales of VA-owned properties in major urban population centers with large Negro populations in December 1969.

He said that in Baltimore, Jersey City and Newark, all of the properties sold by VA in December were purchased by Negroes.

Other cities with high rates of sales to Negroes were Los Angeles and San Diego, 89 per cent; New York, 83 per cent; Gary, 75 per cent; and Chicago, 66 per cent.

In New Orleans, Detroit, St. Louis, and Kansas City, Mo., approximately one-half of all VA properties were purchased by Negroes.

Some of the factors which influenced increased participation of minorities in the sale of VA properties, Johnson said, are stepped up emphasis generally, and particularly in VA loan guaranty service, of the nondiscrimination aspects of the program.

Johnson further commented on the improved economic conditions of minorities, as well as others, which he said contributed to greater participation in the buying of VA-owned properties.

Examples of real and unreal pursuits are given from Science and Health with Key to the Scriptures by Mary Baker Eddy, Discoverer and Founder of Christian Science. ## Altar Society

The Altar & Rosary Society will meet Monday evening, April 6th in the Blue Room of St. Peter's School. Rosary and Benediction will precede the meeting at 7:45 p.m. in the church.

There will be a color film entitled "The Restless Sea," and refreshments following the meeting.

deceased members in 10th District this past year, will be conducted by Mrs. Philip Strand, Libertyville, District Chaplain.

April 1, 1969 to April 1, 1970; will have their chaplains participating in this ceremony. Special recognition is always given to deceased gold star members.

Mrs. Strand urges unit members and chaplains to enter the "Book of Prayers and Devotional Thoughts" Contest. She reminds the units that contributions should be sent to the Chapel of the Four Chaplains, at Temple University, Philadelphia, Pennsylvania. During World War II, aboard the troopship S. S. Dorchester, four U.S. Army Chaplains gave their lives, in order to save four young soldiers. Thus it was, that four men of God, of three different faiths, stood united in prayer, as the ship sank. This Chapel, an Interfaith Shrine, is a memorial to those four heroic men.

There are three altars—Protestant, Catholic and Jewish. These altars proclaim the unity of all Americans under one God. The Chapel symbolizes for all Americans and for all time, the unity of this Nation founded upon the Fatherhood of one God, though His children are of different faiths and races. Donations to this Shrine helps to send the story of the Four Chaplains to thousands of civic, veteran and youth groups; and helps in the construction of interfaith chapels in universities, hospitals, airports and other installations, throughout the country.

The Antioch Unit always contributes to this Interfaith Shrine, according to Mrs. F. A. Swenson, Antioch Auxiliary Chaplain.

Mrs. Richard Brady, Gurnee, Chairman of the District Nominating Committee, will present the slate of new district officers for the ensuing year. Election of officers will take place at the June meeting.

Unit presidents are asked to notify their delegates, alternates and members regarding this meeting. Mrs. Ray Rathmann is the Antioch Unit President.

## Waukegan Speedway Season Opener Near

The Waukegan Speedway will open its 1970 stock car season on Saturday and Sunday night, April 11 and 12. A large field of late model super stocks is expected for all six scheduled nights of racing in April as soon, again the Waukegan Speedway will be opening well before most other area tracks.

As defending champion Ray Young of Dolton said, "Opening before other tracks, the Waukegan Speedway can expect just about all of the area cars which are built and eager to race." He continued, "I have a new car in my garage right now, and although I expect a few problems at the start, I'm ready!"

Young has built and sold one car which he planned to race at Waukegan. Now he has built a sharp red, black and white 1966 Mercury Cyclone, similar to his 1969 championship car, to campaign at the Waukegan track. By the middle of the season he hopes to have a 1969 Ford Torino ready to race.

Runner-up in the 1969 Waukegan Standings was Bob Roper of Chicago. Roper is putting the finishing touches on his 1966 Chevy II which holds the 50 and 100 lap track records at Waukegan. He also may drive a 1969 Camaro this season and it is a toss-up right now as to which one Bob will be driving opening night.

Finishing third last season was former champion Jim Cossman of Waukegan. He has his refreshed 1965 Chevelle ready to go and is working on a completely new car. Also awaiting the April opener is Rich Sundling of Addison who finished fourth last year. Sundling has a fresh 1967 Chevelle prepared.

Last year's "Most Improved Driver" was Bob May of Gurnee. May has rebuilt his 1965 Chevelle over the winter and should be a top contender opening night. Young Scott Moore of Mundelein was voted the "Rookie of the Year" in 1968 and was "The Most Determined Driver" last year. For his third season of racing, Moore will be racing either his familiar Ford or a new car if it is ready in time.

Hard charging Vern Browne, of Waukegan will be wheeling a 1969 Dodge Charger in the April competition. Browne, who also races motorcycles and snowmobiles, was the 1969 "Rookie of the Year." Browne hopes for a top five finish this year.

Other regulars at Waukegan who plan to be ready for the opening nights include: Mike Wolff, Lake Villa, in a rebuilt '65 Chevelle, Bob Delaney, Roselle, in a '66 Ford, Paul Craddock, Round Lake in a '64 Chevy II, Jim Couch of Grayslake in a 1965 Chevelle, Dick Dornbusch of Lake Bluff in a 1967 Dodge Charger, Wayne Helfoyt of Wheeling in a 1969 Chevelle, Ron Schaefer of Zion in a 1966 Mustang and Dave Evans of

Mundelein in an all-new 1969 Chevelle.

Joining the regulars on April 11 and 12 will be Jerry Welsch of Markham in a 1967 Chevelle, Ray Freeman of Crete in a 1967 Chevelle, Speedy Gonzales of Blue Island in a 1969 Chevelle, Lou Clavey of Deerfield in a 1966 Ford, Bill McEnery of Evergreen Park in a 1967 Chevrolet and a host of others.

A number of cars are being rushed to completion for the April races, but must be listed as questionable for the opener. Included in this group are Elmer Musgrave of Mundelein in a 1967 Fairlane, Al Gutche of Pleasant Prairie, Wisconsin, who has the choice of two cars, Dennis Burgan of Old Mill Creek in a 1969 Chevelle and Ray Bush of Silver Lake, Wisconsin, in a Ford.

The track is scheduled to open at 4 p.m. for inspection, registration and practice on Saturday April 11 with the general admission office open at 6:30. The first race that night and every night will start at 8 p.m. Hobby Stock racing will also be on every card.

The Waukegan Speedway is located 1/4 mile east of Rt. 41 on Washington Street. The Speedway maintains a 24 hour weather and schedule service at 312-662-8200 for the convenience of drivers and fans alike. Last year the Speedway ran five of the six scheduled programs in April with 34 late models running in the first night's races.

## Pioneer Park Opens Doors

Pioneer Park opened Easter Sunday.

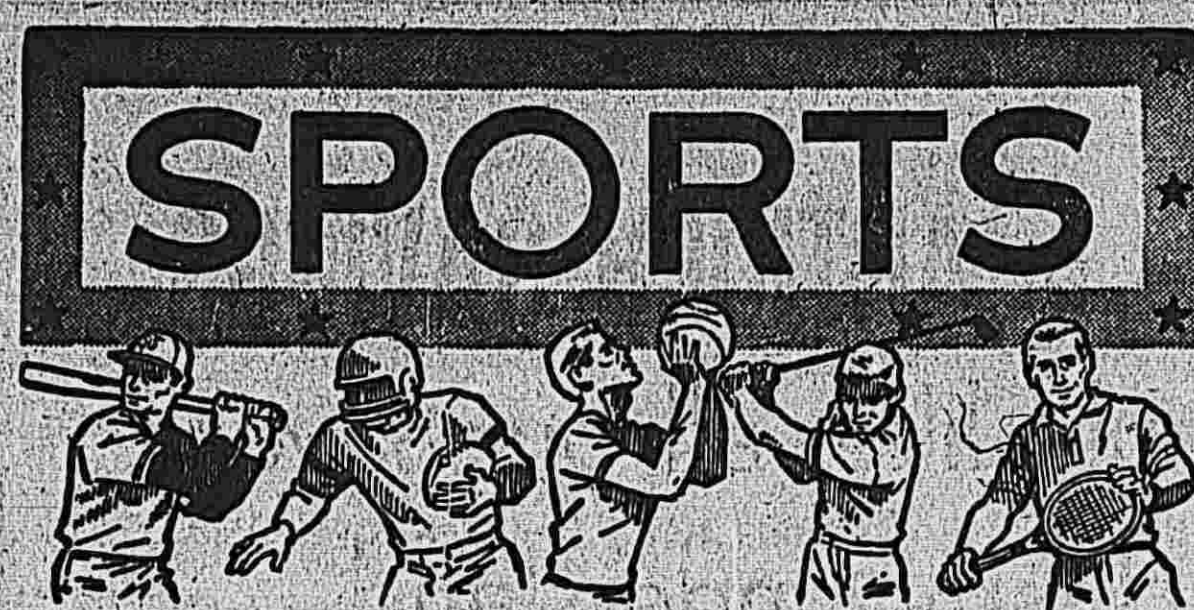

Many new things have been added to the combination park-farm-zoo museum.

"Most of the animals will have had their babies by the time we open", Brian Morrissey, park manager said. "This is one of the biggest attractions for the children." The animals include most of those which are native to the Midwest area.

More horse-drawn vehicles have been added to the large Carriage House, making a total of more than 40. Among the new ones are a horse, mail wagon, Gypsy wagon, and some of the aristocrats of the buggy era...the Victorias. Each has been restored to look better than it did when delivered to the original owner in the early 1900's.

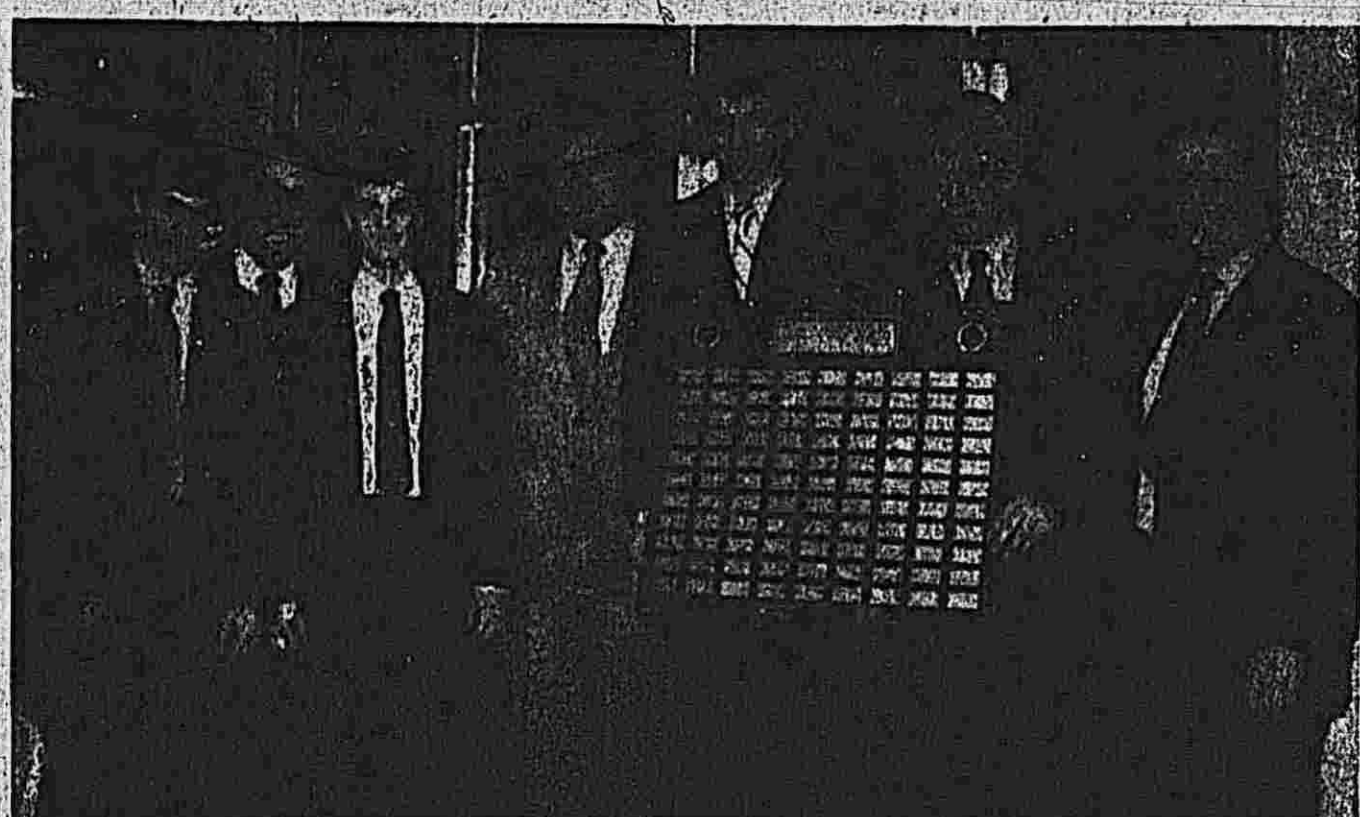

"We have added something to appeal to the women," Morrissey said. This will be three complete kitchens...one from 1850, another from 1900, and the third from 1925. "Each will be complete down to the towels and wash-rags," Morrissey said. "Even the Saturday night bath tub is included in the kitchen of that era."

horse-drawn wagon will be continued again this year.

"The hatchery should be in full operation Sunday, where children can see chickens hatch from eggs", Morrissey said. Many species of chickens, all hatched at the park are in the barnyard where children can buy corn to feed the chickens.

Additions have been made to the two-story museum of articles used every day in the home, field, and barn during the 1800's and early 1900's. Demonstrations are given several times each day of numerous farm implements used before engines came into use on farms.

Other items remain unchanged—the one-room school, blacksmith shop, barber shop, general store (where items may be purchased), pawn shop, and covered bridge. The employees will again be dressed in costumes from the horse and buggy days.

Pioneer Park has a cafe where snacks may be purchased, and film may be purchased in the General Store. Free parking is provided for hundreds of cars.

Pioneer Park is on Business Rte. 30 and Barnes road, west of Aurora, and is open from 10 a.m. to 6 p.m. daily—and 10 a.m. to 7 p.m. on Sundays and holidays. During July and August the park will open at 11 a.m. and close at 8 p.m. each day. The admission is 50 cents for adults, and 25 cents for children.

## Speedway Will Open On April 11

The roar of powerful engines, the smell of scorched tires and asphalt and the excitement and color of late model super stock car racing will return to the Waukegan Speedway on Saturday and Sunday nights, beginning on April 11 and 12 at 8 p.m. The Speedway is located 1/4 mile east of Rt. 41 on Washington Street near Waukegan.

The early opening date will draw cars from a good distance as Waukegan once again will be the first Chicago area track to open. Last season six April dates were scheduled with five being completed. Opening night last year drew 34 late model entries and one of the largest crowds of the season.

The first night of racing will include inspection, registration and practice starting at 4 p.m. with the general admission tickets going on sale at 6:30. Time trials will start at 7 p.m. with the first race one hour later. The normal feature lengths will be 30 laps with a special 50 lap April championship race slated for Saturday night, April 25.

This year for the first time a Bonus Point Fund is guaranteed with the 1970 late model champion

picking up \$1000 extra. These awards continue through 20th place. Still a full 40% or more will be paid out each night to late models.

Most of the regulars expect to be ready for the opening weekend of racing. Leading the contenders will be defending champion Ray Young of Dolton in a newly built Mercury Cyclone. Second place Bob Roper of Chicago will be racing either his trusty Chev II or a Camaro. Waukegan's Jim Cossman will return with his sleek Chevelle and Rich Sundling of Addison will also race a Chevelle.

Others include Bob May of Gurnee, Scott Moore of Mundelein, Vern Browne of Waukegan, Wayne Helfoyt of Wheeling, Dave Evans of Mundelein, Bill McEnery of Evergreen Park, Bob Delaney of Roselle, Ray Freeman of Crete and many more.

The Speedway is a 1/4 mile semi-banked asphalt track promoted by Gordon Sill. Saturday and Sunday late model dates are scheduled from April through September with special Friday modified and midget races planned. Phone 312-662-8200.

A young woman was asked her opinion of the values of monogamy as opposed to polygamy. "It all depends," she replied positively. "In my own home, I like monogamy, but for the office—well, give me light oak every time."
